**I or my agent (assignee) has read the following in detail, and understood the regulations for suspension (resumption) of insurance when going abroad, and has obtained the leaflet "Understanding Suspension and Resumption of National Health Insurance to Go Abroad Carefree".**

- I. **When going abroad for 6 months or more and having suspended insurance, upon returning to Taiwan, regardless of the length of stay, resumption of insurance must be handled on the date of arrival.** When going abroad again, three months must expire after resumption of insurance before choosing whether to suspend the insurance again. When returning to the country within 6 months after leaving the country, the suspension will be canceled and premiums shall be paid.
- II. **For those not resuming insurance after returning to the country, whether they go abroad again or not, their insurance will be resumed by tracing back to the first return date after the suspension of insurance (limited to when they have been abroad for 6 months or more), or tracing back to the date of suspension (referring to when they have been abroad for less than 6 months before returning); and premiums will be recovered.**

**D. Application form directions:**

I. When one of the following reasons applies, application may be made for suspension of insurance. Payment of premiums and insurance benefits will be suspended during the period of suspension. Process according to the following standards:

(I) Missing for less than six months (Code-D):

- 1. If the insured is missing, the dependent shall be insured based on other status. Check ✓ in the "Transfer of insurance" field for "Type of insurance suspension/dependency change".
- 2. When applying for insurance suspension due to the insured being missing, a crime report (in triplicate) issued by the police must be provided. If the insured is found within 6 months after going missing, the suspension of insurance shall be canceled and the premiums recovered.

(II) Scheduled stay overseas for six or more months (Code-F):

When the insurance is suspended because the insured is going abroad, for any dependent going together and applying for suspension of insurance, check ✓ in the "Suspension of insurance" field for "Type of insurance suspension/dependency change". If the dependent is insured based on other status, check ✓ in the "Transfer of insurance" field for "Type of insurance suspension/dependency change".

II. Any amendment to the regulations for insurance suspension and resumption shall be subject to the announcements of the Administration.
